A PAINTING OF THE ORIGINAL CHESTER ACADEMY, SENIOR ATHLETE BULLETIN BOARD, A PLAQUE COMMEMORATING THE ERECTION OF THE SCHOOL

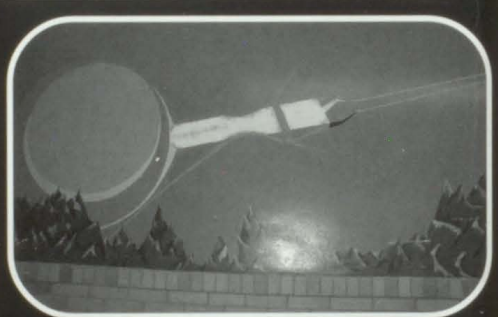
There are over four hundred students currently enroled at Chester High School.

The last day of class in Chester High School was April 2, 2004.

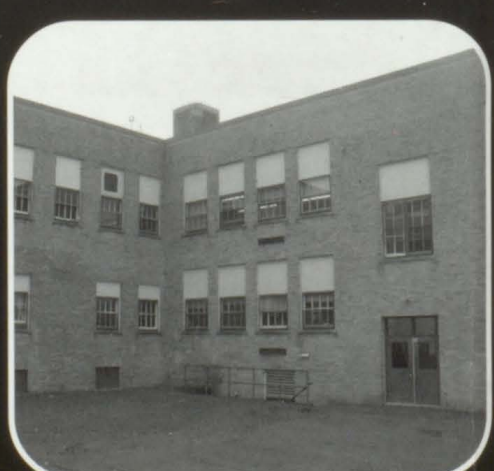
The Class of 2003 was the last class to graduate from Chester High School.

The Class of 2004 spent the first half of the year in the old Chester High School, but they will graduate from the new Chester Academy.

In 1842 the First Chester school, Chester Academy, was built. Then, in 1936 another school was built in order to house grades K-12. A wing was added on to this building in 1965, and a K-6 Elementary School wasbuiltin1976.

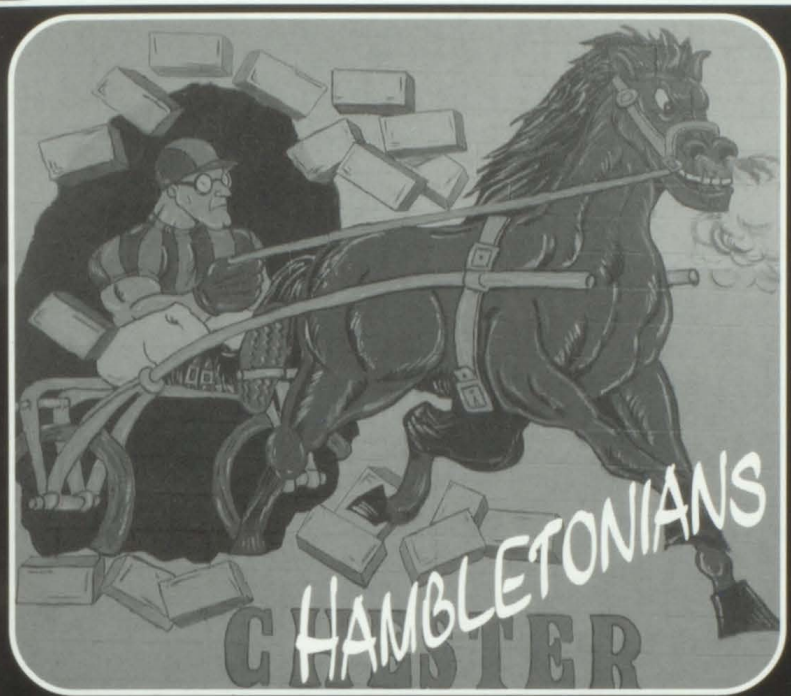


It was decided that a new building should be built because students had outgrown the capacity of the older building. It wasn't designed to house the technological progress offered in the 21st century.



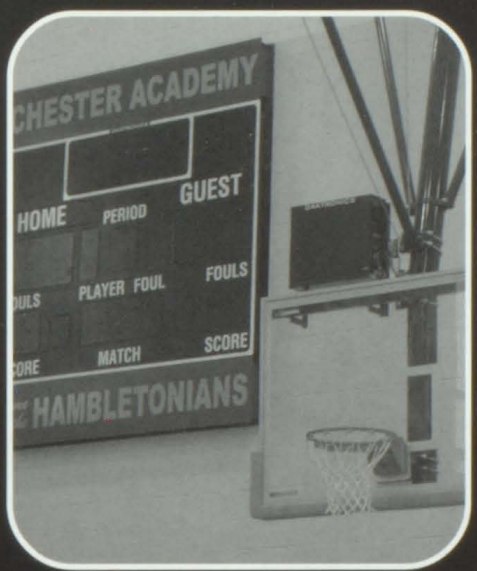
CHESTER HIGH SCHOOL

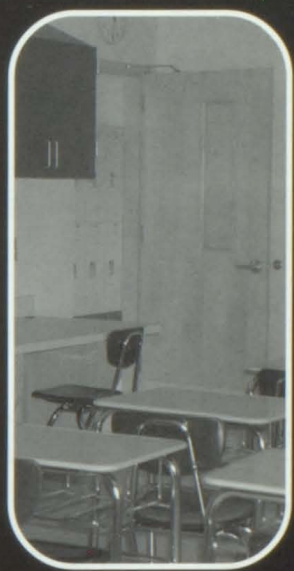
OUR MASCOT- THE HAMBLETONIAN, A CLEAR VIEW DOWN THE HALLWAY, THE VIEW FROM THE CAFETERIA, OUR MIDDLE SCHOOL PRINCIPAL IN HIS NEW OFFICE



1999- The community began exploring whether to expand the existing building or to build a new one.

On 6/27/00 the community approved new educational facilities.





The name for the new building was chosen by straw vote at the budget vote in 2003. It was picked in memory of the original Chester Academy which was built in 1842, and was used until 1906.

The architectural firm of Cannon Designs was engaged to design our new building in June of 2001. A community committee was formed to help design the new building.

The dedication ceremony for the new building took place on May 12, 2004

"State-of-the-art" music facilities sized to fit a growing population were built, along with an excellent weight room and modern science labs.

ADMINISTRATION

To the Class of 2004:

High School comes to an end for a terrific class: a class full of talent, intelligence, personality, and great young men and women. Up to this point in your life, it's been a directed journey. You followed the plan laid out for you beginning with Kindergarten and ending up with your graduation from High School. Now, as you move into full-fledged adulthood, you will make decisions that affect how you lead the rest of your life. I would ask you to believe in yourself and your ability to be successful. Resist the urge to be average. Winners are made, not born. Take some time to set some meaningful goals for yourself. Decide what you would really like to do with your life and the type of person you would like to be known as. Then, focus your efforts on achieving these goals and refuse to be misled by short-term diversions. You are all worthwile young people full of promise. I wish you all the best as you begin the rest of your lives.

Sincerely,
Paul B. Reh

"The team has had an outstanding season, and I am very happy with the performance of my players. They made it into the sectional tournament and they are still having fun. If they can't have fun, what's the sense of playing? Whatever happens from here is nice. Casie Laden and Kelly Schmidlein, the senior girls on the team, have acted like "mother hens," keeping the younger girls in line and helping them out."

Brian Clifford (above), is one of the few athletes who has been able to accomplish the feat of scoring 1000 career points.

"The Boys' Varsity Basketball team had another successful season winning their second consecutive Division title. Seniors Mike Clavel and Brian Clifford led the team in scoring along with junior Danny Browne. David Grafals had a solid season and was a consistent force througout the season. First year varsity players Sean Finnegan, Aaron Baltimore, and Ruddie Montalvo were also key contributors to the team's success. This was a hard working group of young men who dedicated themselves to basketball and achieving the team goals. The future is bright for the basketball team, which will only lose four seniors to graduation."

The basketball team has a very supportive fanbase. Many students attended as many games as they could. To the left is Chester's own "Village People" group was really able to pump up the crowd!

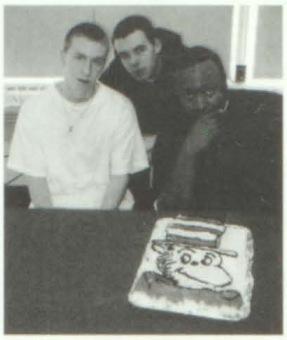
FOOD & NUTRITION

CAT IN THE HAT DAY



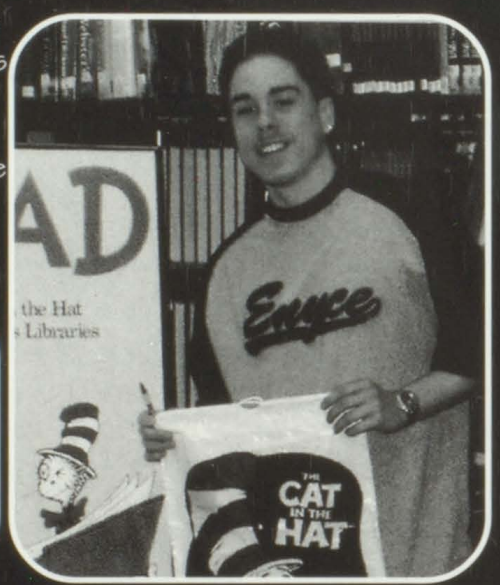
2nd Place: Sean Finnegan, Mike Clavell & John McIntyre

Large windows make this room bright and cheerful. The tables are smaler and easier to work with; they are more flexible for work stations and room arrangements. The room is equiped with all new appliances. Beyond food preparations, the seventh graders are taught life skills, manners and proper table behaviors. Continuing a tradition begun by the old food service program, the food and nutrition class serves the Senior Citizens at a luncheon in May. They also serve at the Modified Sports Banquet. This is just one of the great community service opportunities for Chester students.

1st Place: Maria Holmes, Robin Kendall & Karla Mingal

The art teacher, Mrs. Peterson, likes many aspects of the brandnew art room. There is better lighting, and smaler tables that alow for easier arragning and station making. There is also more storage room to prevent clutter. Over all the room feels dean bright and airy. Attached the the art room is a dark room and a computer room. These facilities will alow for picture manipulation and more drawing courses. The most exciting new development in the art department is the chance for Chester students to create a mural for the Orange County Government Center. The mural is about local history and how it has on impact on life on a national scale. The students art include depictions of such things as New York City, September 11th, the Brooklyn Bridge, and Elis Island.

The top picture is of seniors Sean Finnigan, Mike Clavel, and Josh McIntyre. They won second place for their cake of the cat in the hat. The bottom picture is of senior Maria Holmes and juniors Robin Kendall and Karla Mingal. They won first place for their thing 1 and thing 2.



Chris Tauber, a sophomore, won one of the many prizes that the librarian, Mrs. East, gave away on Cat in the Hat day.

The cast of "Annie" performed many of the shows well-known numbers such as, "Little Girls," and "Tomorrow," with a full cast of orphans onstage.

Chester Drama Club

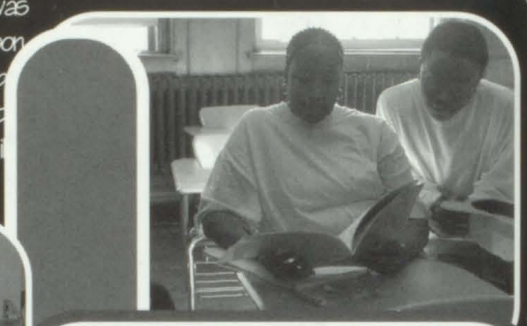
- This year's cast of the drama club put on a production of Annie.
- Shannon Mingal and Ali Clarke, both in seventh grade, and Teresa Rivera, in eighth grade took turns playing the lead role as Annie.
- Rebecca Stubbs and Cristal Delgado played Miss Hannigan on alternating nights, and J'whil Young and Chris Colon played Daddy Warbucks.

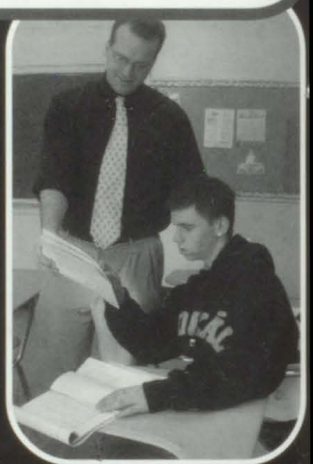
TRY YOUR BEST AT .....

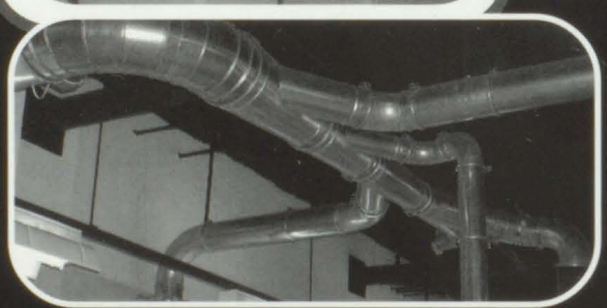
This year's mock trial team began practicing around the end of November, usually holding two practices a week. Once a week, a lawyer from a nearby law firm would come to assist the witnesses in answering their questions and the lawyers in their prosecution and defense cases. This year, the student lawyers were Sarah Ryan, Timmy Lake, Laura Nywening, Jasmine Forestal, and Aruba Iqbal.

In mock trial, students are chalenged to present the two sides to a court case. This years' court case was about a physically incapacitated person who was denied employment at a big news station in the tri-state area. Chester's prosecution put up a good fight in the morning court case, and was able to bring out their main points. In the afternoon the lawyers for the defense struggled at first b landed on their feet. Although the judges compliment Chester on their tremendous job, the team fai to move on to the next level.

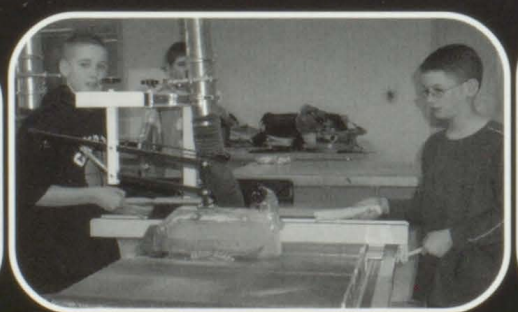
A typical mock trial meeting (above), consisted of the witnesses working with their lawyers in groups, while Mr. Reed, their faculty advisor oversaw their progress and guided them with his personal experiences from his own high school mock trial competitions.



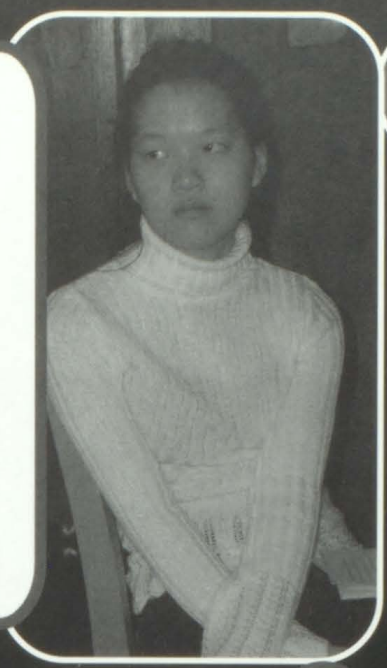




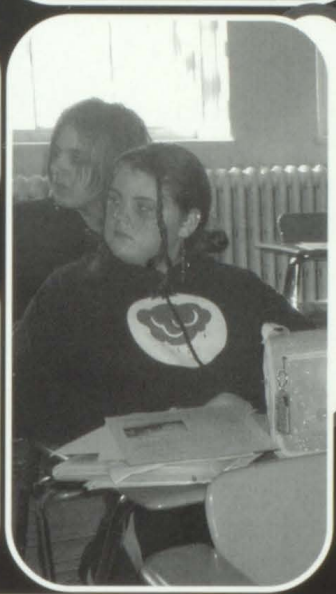
The Technology room design is much better even though it is only slightly larger, it flows and alows for more efficient use of space. It is brighter and has new equipment. It is cleaner because the dust collector system is better. More storage space out of the work area facilitates movement and makes class instruction easier. The CAD of Computer Aided Design class and equipmetn are housed in a separate room. There are more sophistocated computers that are able to stay dust free in that environment.



LEND A HELPING HAND!!



Once again, the Amnesty International and Environmental clubs held their traditional coffee house in order to increase their funds for projects. This year the coffee house was themed "Molten Java"



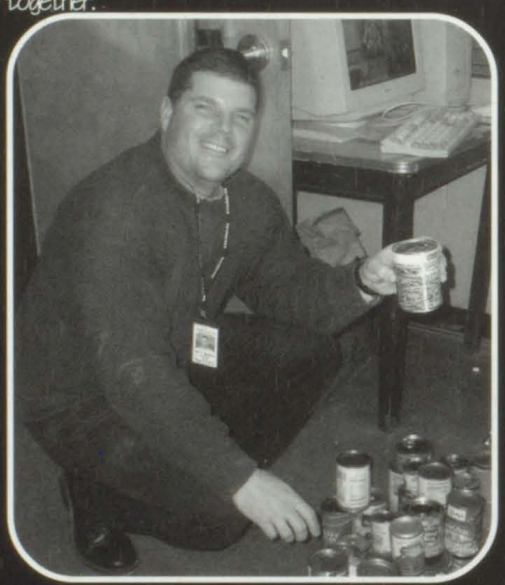
Environmental & Amnesty International

- This year the Environmental Club worked to increase the amount of people who recycle in school by adding new recycling bins to all classrooms and in the hallways.
- The Amnesty International Club continued to write letters to the leaders of third world countries urging them to free foreign prisoners of conscience who were jailed and often tortured for merely standing up for their rights and the rights of every human being.
- They also handed out bookmarks to students during lunch periods in order to promote Earth Day, April 22nd.

EASIER SAID... THAN DONE!

Mrs. Ryan is the advisor for this year's yearbook club, and has been for the past three years. She is very helpful in overseeing the publication process.

The Yearbook Committee consists of many diligent, creative, hard-working students. These students spend much of their own time between the months of September and May working hard in order to present to the school an interesting, polished yearbook that students will keep for many years to come. In order to publish a yearbook, the club members fundraise by holding school dances and selling business ads and personal messages. We like to think of our yearbook as a keepsake full of memories from the past year such as sporting events, club meetings, and groups of friends just laughing together. By the time the yearbook is actualy distributed, many of us miss working together.



Every year, the Key Club members are active participants in the Kiwanis holiday food and toy drive. The Key Club involves the rest of the school in their service projects by asking each homeroom class to contribute as many non-perishable food items to the colection as they can. They award a Dunkin Donuts breakfast to the homeroom that colects the most cans as an incentive to participate.

Pictured on the right is Jenn Ruocco and on the left is Sarah Ryan, the Co-editors of this year's yearbook. Jenn and Sarah have been a major part of the yearbook staff since their sophomore year in Chester High School. This year with the help of their extremely dedicated staff a brand new format has been introduced in the yearbook. WE HOPE YOU LIKE IT!

Mrs. Ryan is the yearbook advisor for the third year in a row. The yearbook staff spends from September until April piecing together all of Chester High School's memories, and the events of the year. The members attend all of the school functions in order to be able to document sporting events, club fundraisers, and community service projects. This year the editors are Jenn Ruocco and Sarah Ryan. They have decided to rearrange the yearbook to make it more interesting and include more articles.

Ms. Markovits is the advisor for this year's National Honor Society group. This is her first year as advisor. To become a member of National Honor Society, students must demonstrate the qualities of scholarship, leadership, and service . This year, the members have begun to organize a tutoring program that will benefit any students who would like some help with schoolwork during their free time. The club, along with the entire senior class, is also continuing the school tradition of helping to raise money for the People to People Fund through Senior Servant Day.

Drama Club

Mr. Berger is the Drama Club advisor this year. He has been very involved in the Drama program in past years, also. Each year the club puts on two productions- one in the winter and one in the spring. This winter, the club is preparing to perform the musical "Annie." Drama club members must be very dedicated, as they normaly practice around four times a week. Besides the students that have parts in the play, many students work behind the scenes, constructing scenery and creating costumes for the many characters in the play.

Student Council

Ms. Hewitt is this year's Student Council advisor. Members of the student council are elected by their fellow classmates in order to represent their entire class. Members of Student Council propose ideas for fundraisers and extracurricular events to the club, and the council as a whole decides whether or not the event should take place, and if so, when and where it should occur. Before any class can sponsor an event or hold a fundraiser they must first get it passed by the Student Council. This is so that no two events are occuring at the same time, which would cause decreased profit and participation in one or the other.

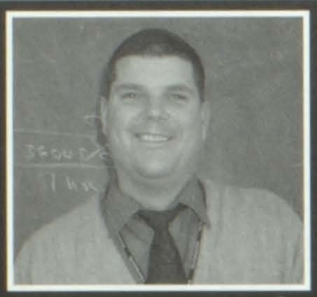
Ms. Lange is the advisor for the Environmental and Amnesty International Clubs. The Environmental and Amnesty International Clubs are similar in many aepects . They are held on the same day of the week, in the same room, with the same advisor and members, at the same time. These clubs are geared toward protecting those who cannot protect themselves. During meetings we write letters to governments who are oppressing their people by denying their unalienable rights, and to governments and businesses which make money at the expense of our innocent environment.

KEY CLUB



Mr. Bandura is the Key Club advisor this year, and he has been the advisor many years in the past. The Key Club is involved in many school and community-related service projects. As always, this year's Key Club members organized a very successful holiday food drive, to help needy families in our area to have an enjoyable holiday. The club also held a Haloween candy corn guessing contest, in order to raise funds for club dues and charities. Each year, club members also participate in two charity walks- a breast cancer walk, and the walk for Alzheimer's.

Odyssey of the Mind

Mrs. Elizabeth Law is the new Director of Special Education for Chester High School. This is her first year in this position, in which part of her job is to oversee Odyssey of the Mind. Odyssey of the Mind is an organization that is based on creativity and quickness of mind. Each team has seven members who work together to solve a specific problem. They participate in a competititon in February in which there are two parts; the long term competition and the spontaneous competition. The long term competition is a seven minute skit that portrays the problem's solution, and the spontaneous competition is a quick paced question round.

CLASS OFFICERS

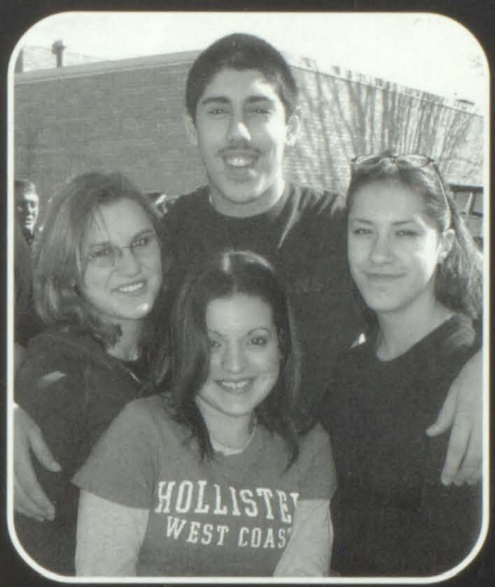
Students at Chester order their class rings as Sophomores in the late Spring and have a special breakfast to receive them in the Fall of their Junior year. This year's Junior class had Mr. Reh as their guest speaker. Students are given the opportunity to choose their ring from many different designs and then can personalize it.



The Class of 2005 has been raising money from the seventh grade so that they would be able to plan and host this years Junior/Senior Prom. The class has held many bake sales and dances. They also sold cornacopias around Thanksgiving time, and for Valentines day sold lollipops. The Junior moms also sold Krispy Kreme donuts. The Juniors demonstrated their generosity by giving Mr. Reh a parting gift when he moved from being from principal to an administrative job. They greeted the interim principal with a warm welcoming by giving him a plant for his desk. This class is looking foward to their prom and to their last year of high school.

Congratulations to this Graduating Class of 2004

And so it begins, the next leg of your journey. As you leave the safety and sercurity of what you know and move toward the unknown and unfamiliar, take the time to make a plan. Set goals and try to prepare yourself for what may lie ahead. A plan is like a road map that will help you achieve what it is that you desire. Continue to establish and reestablish your goals throughout your entire life. A big part of your success will depend on the expectations you set for yourself. Follow your plan always keeping your goal in sight. If you can see where you are going it never seems far away. Remember your goals are your own, no one else's. Live your own life and live up to your own expectations.

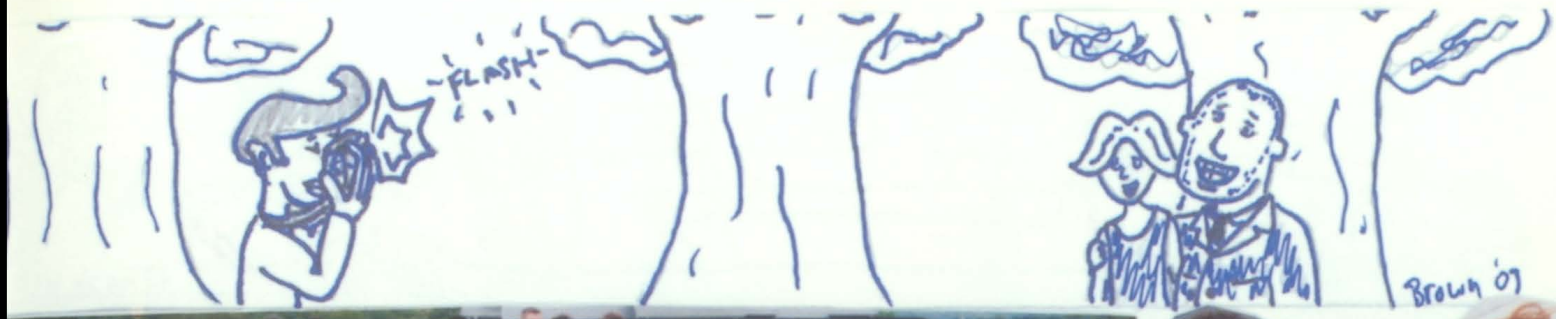
BROWN 03

"In This Diary"
by: The Ataris

Here in this diary, I write you visions of my summer.
It was the best I ever had.

There were choruses and sing-alongs,
and not a spoken feeling of knowing that
right now is all that matters.

All the nights we stayed up talking
and listening to eighties songs;
and quoting lines from all those movies that we
love.

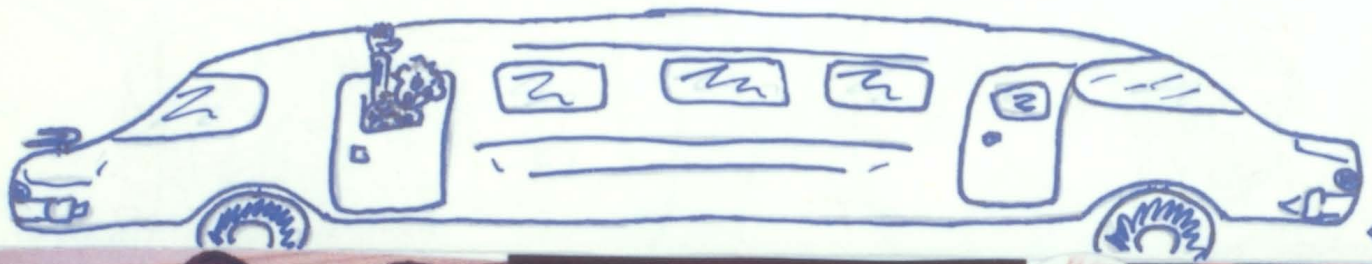


Breaking into hotel swimming pools,
and wreaking havoc on our world.

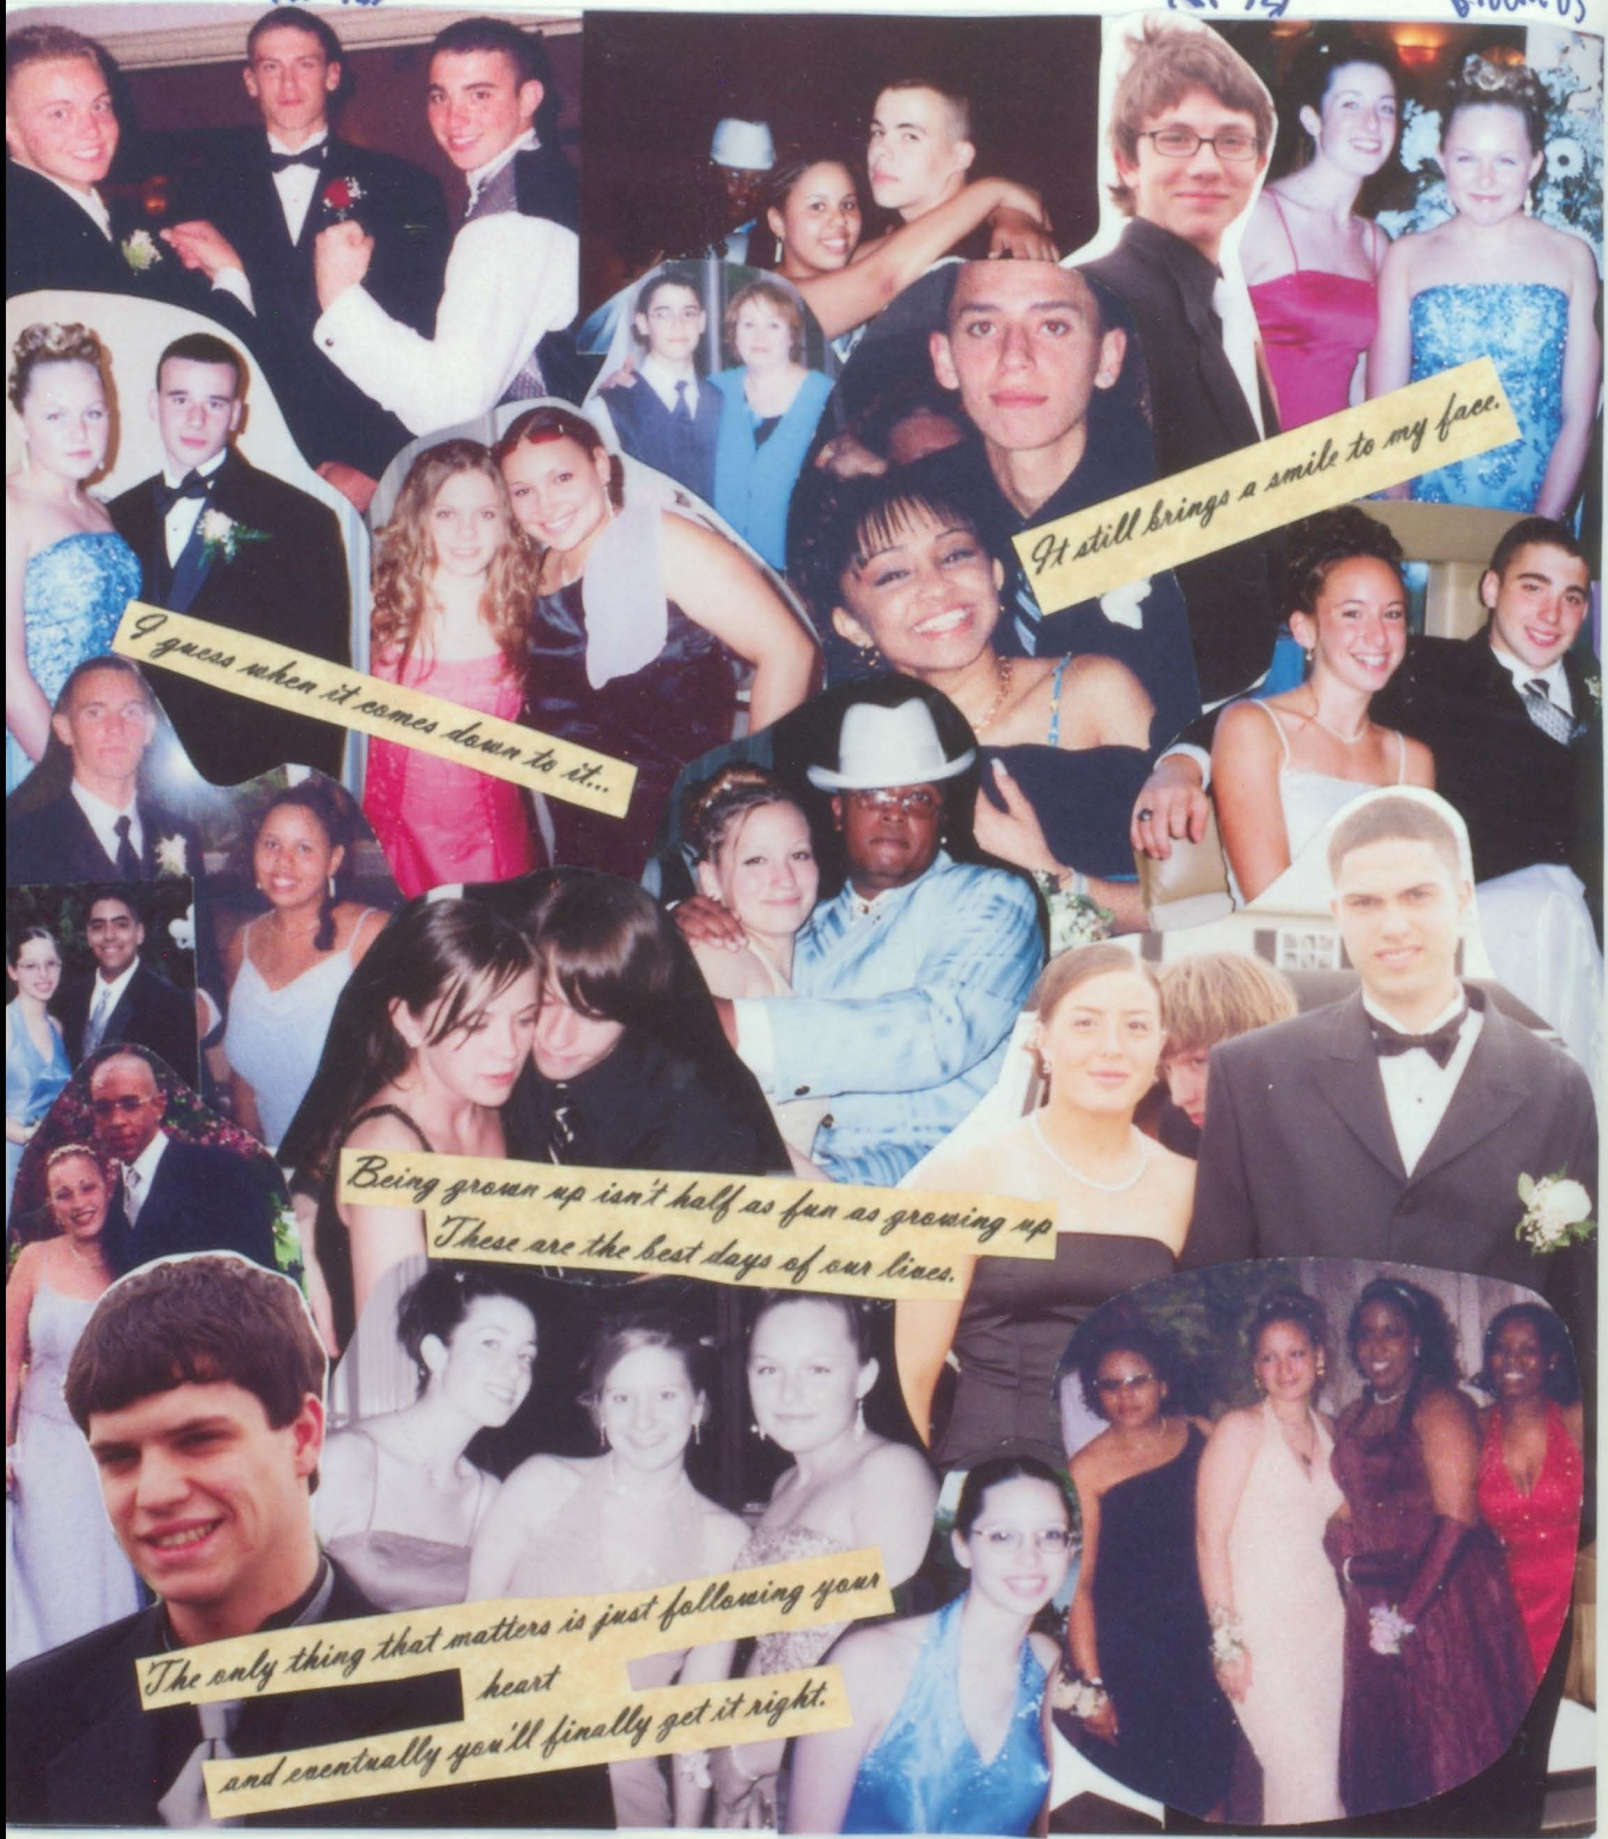
Hanging out at truck stops just to pass the time.
The black top's singing me to sleep.

Lighting fireworks in parking lots,
illuminate the blackest nights.

Cherry cakes under this moonlight summer sky.
2015 Riverside, it's time to say goodbye.



Brown '03



It still brings a smile to my face.
I guess when it comes down to it...
Being grown up isn't half as fun as growing up
These are the best days of our lives.
The only thing that matters is just following your [redacted] heart
and eventually you'll finally get it right.

The Junior Class

of Chester High School

cordially invites you to attend

The "Sweet Kisses" Prom

on Friday, May sixteenth

two thousand and three

at six thirty p.m.

at the Gardens on Catlin Creek

Get on the bus, it's time to go.

Being grown up isn't half as fun as growing up
These are the best days of our lives.

The only thing that matters is just following your heart,

and eventually you'll finally get it right.

Memories close to my Heart
are found in your Friendship

SENIOR MISS & MISTER

Every year, the Senior class at Chester High School holds a school wide vote to elect a Senior Miss and a Senior Mister. Each person holding a prom court title from last year's "Sweet Kisses" prom was automatically entered in the Miss and Mister competition. The King and Queen were Nicholas Aversa and Kelly Schmidlein. The four princes were Mike Clavell, Josh McIntyre, Donnie Atkin, and Anthony Basile. The four princesses were Tonya Hipsman, Jessie Hernandez, Jasmine Florestal and Sarah Ryan. The Senior class then selected three candidates for Miss and Mr. The three Mister candidates were Brian Clifford, Sal Patti, and Kevin VanDemark. The three Miss candidates were Amanda-Leigh Matos, Jenn Ruocco, and Elaine Kubik.

There are places I'll remember
all my life though some have changed
Some forever not for better
some have gone and some remain
All these places have their moments
With lovers and friends I still can recall

To Daddy My Angel-Not a day goes by when I don't miss U but when God called on U he had a much greater plan, he choose 2 take U 2 keep his company leaving me behind 2 think that perhaps he made a mistake. Now when I wake each morning, & the sun comes shining through it serves as a reminder..."this is another day w/ out U" there are so many times when I start 2 pick up phone then I remember U're not at home I can't count the times when it would have just been easier 2 say I love U Dad, but I let that time just slip away so now all I can do is wish U were still here 2 voice all those hurtful tears. If U were still here I'd have so much 2 say & I'd think twice before letting "My Stubbornness" get in the way. What at there is nothing I can do, So when I say prayers I close w/ the words I luv U. A timeless heart stopped beating hard working hands at rest, it broke our hearts 2 prove 2 us "God only takes the best". "I love U always... 2 Mom, I don't have words 2 describe how deep our love & appreciia tEU, "thank God everyday 4 having U in my life. WE'RE SO PROUD OF YOU!

JASMINE

When I think of our life together, over the past 17 years it is hard to believe that my baby is now a woman.

When I look at you, I see myself, strong and determined, your dad peaceful, passive, and caring, Jessica, quiet and a great listener.

With these combined formulas and a little of your own concoction, there is nothing that you cannot do.

Commit to memory, never say, "can't."

Remember you can always count on us no matter what your needs are.

Loving you always, Mommy, Daddy & Jessica

SEAN,

THE PAST FEW YEARS HAVE NOT BEEN EASY ONES FOR YOU. IT HAS BEEN VERY REWARDING FOR ME TO SEE YOU COME OUT ON THE RIGHT SIDE. CONGRATULATIONS AND KEEP UP THE GOOD WORK.

LOVE

DAD

SENIOR SERVANTS

Each year, the senior class at Chester High School participates in a Senior Servant Day fundraiser for the People-to-People Fund. This fund, sponsored by The Times Herald-Record, raises money to donate to needy families during the holiday season. The fundraiser takes place every year on the last day before students leave for winter recess. During the weeks before this day, students throughout the school make bids in order to "buy" their favorite seniors for a day. On Senior Servant Day, seniors are made to dress up, walk their owners to and from class while carrying their books, sing songs, dance--anything that is within school rules. All of the money that was raised is then sent to the charity organization. This year, the senior class managed to raise around seven hundred dollars!

TONYA

On September 2, 1986 God gave us "Our Little Champion." We named her Tonya Lea. Born with dimples on her cheeks, and eyes as dark as frying pans. These eyes had a twinkle that said she was capable of conquering almost anything.

In nursery school you insisted that Meg teach you to read, and you learned and mastered the HILS Reading Program by the time you left elementary school. You read all the time, to and from school, on vacations-any book you could get your hands on, you read. This ability has turned you into the top student that you are today. We could not ask for any more than that.

But, you gave us more than that- "Somewhere behind the athlete you've become, and the hours of practice, and the coaches who pushed you, and the teammates who believed in you, and the fans who cheer for you, is the little girl who stepped onto the field- the one who fell in love with the game, and never looked back. Play for her."

All the teammates you have competed with in Chester have given you many memorable experiences.

Your #1 passion is the big black and white ball and that big green field of grass with one net at each end...SOCCER! You've scored 115 career goals, when I probably couldn't score one. I will cherish all 115 smiles forever. You've also ran up and down the basketball court- showing me many flips on that hardwood floor. I just held my breath until you got back up. You wanted to learn the hurdles. Daddy had you master that in a couple of weeks- even 3 stepping...not 4. Then there was softball- you insisted on pitching. I didn't really want you to- I didn't like the stress of watching you, but you loved every minute of it. Remember when I offered to catch for you when you wanted to practice? You just laughed in my face. You taught me how to ski and enjoy the sport of running. You've acheived more in 17 years than I could in a lifetime. Even though you didn't put that Section 9 banner up on the wall of that school, you did in your heart, because you gave every sport all that you had- all the time. We'd like to thank all your coaches and teammates that helped you along the way- you all know who you are. You've become a role model, a coach, and a mentor to many. I'm sure they want to be just like you. So for now, "Our Little Champion," we'll say so-long. You've left your footprints in Chester High. It's time to pick up- click those heels and off you go..."Somewhere over the rainbow! Skies are blue, and the dreams that you dare to dream, really do come true." Tonya, we know you have many dreams. You are able of accomplishing anything. We love you- We will miss you.

God Bless You!!!

Love, Mommy, Daddy, Meg, Cristie, and Johnny

P.S. You're always a #1 All-Star to us!!!

ELAINE ELENA

You've traveled the world: twenty countries and five continents, moved to ten different homes, and learned three languages. You're different. You're a "military brat," having flown in the back of a C130 cargo plane, sent your Dad off to war and kept driving on with your Mom. You've eaten field rations and spent two tours overseas.

You're a dual citizen, borne of two nations and two cultures--the epitome of what it means to be an American. Over the years and through your travels, you've molded yourself into a kind, athletic, hardworking and intelligent person, a conscientious and creative woman, now, who is well-prepared for life. You have always been independent, strong and loving--like your mother; disciplined yet creative like your father.

As our first-born child, you have given us more joy, more love, and more life than we ever imagined possible. Life will be difficult for us with you away, Elaine. You have been a part of us as long as we have been us. You have been our "tripita" and our "pardner," and now you will be away . Your father will miss you. Your mother will miss you. Your brother will miss you. Ruby will miss you. We will cry.

The years have disappeared so fast, like the blink of an eye. We are excited for you, Elaine, but sad that time does not stop and that you have grown and must begin your own life. As your life is a continuation of ours, as your blood is that of ours, recuerda que siempre somos familia, que siempre tienes tu casa aqui can nostros, y que nosotros siempre estamos aqui para ayudarte in la vida.

LIVE COURAGEOUSLY, ELAINE

Jaime

The years have passed by so quickly. I look back to the day you were born thinking that you would stay a little girl forever. I watched you take your first steps, dance in your first recital and win your first award. How proud I have been of each and every accomplishment you have made and goal you have reached. Sure, all the awards, certificates, medals and other commendations you have received are important, but I am most proud of the person you are. You have never compromised your values and always stand firm in your convictions and do what is right.

As you go to college, remember the importance of education, but don't forget the value of friends. Remain open to new ideas, because nothing in life is either black or white. Look for the good in people and always do good things for others. Sorrow and disappointment are a part of life. Always rise above them and don't allow them to bring you down. Never be satisfied with mediocrity. Whether you are in school, or one day teaching, be your best. Take what you have learned in Chester and expand upon it. Remember the teachers that have meant so much to you and use them as models for yourself. As they have made a difference in your life, so will you make a difference in the lives of the children you will teach.

Finally, as you go through life, don't sit back and wait for others to do something. When you get the chance, I hope you dance.

Love always,

Mom

Patti,
As Granddaughters go, you are the best. We love you very much and wish you the best always in whatever you do. We are proud of the young Lady you have become.

Patti,
You are loved for the little girl you were, the special woman you are now, and the wonderful daughter you will always be. You have always made us proud of you. As you leave High School, we know that you have a great future ahead of you. You are ready to soar. Spread your wings and fly but remember we will be here for you today, tomorrow, and always.
Love to our special daughter,

Jenn

There are two things we give our children... one is roots, the other, wings.

You have proven to the world how well-rooted you are - now it's time to test those wings. You will learn many things as you travel through life. Always remember that as you are absorbing the world around you, the world is learning from you too. You are truly a composite of what so many others want to be. You are both a dreamer and a realist, and you have the uncanny ability to make that combination work. When you were younger you would laughingly remark that the world would be a great place if everyone was like you. Well you know what? It would be. Take pride in who you are. I know we do. You are always in our hearts even if you can't always be in our arms.

We love you baby!
